# New cheque standards are being implemented. We'll take care of it for you!

The Canadian Payments Association has mandated a change in business cheque designs to accommodate a new processing technology called "cheque imaging".

All our manual cheques have been re-designed to meet the CPA standards. Our computer cheques are 100% guaranteed to be compatible with your accounting software and will be ready in advance of the CPA December 31, 2006 deadline.

For more information regarding the new CPA standards, visit www.cdnpay.ca
